

3.0 PKT – Quality Policy

Quality Policy

To be a world-class turbodrill supplier, designing and manufacturing Products that consistently satisfy or exceed the requirements of our customers and other stakeholders when relevant

To achieve this, we believe

Quality

Is everyone's business

Quality Improvement

Is our responsibility. We are committed to comply with ISO 9001 Requirements and continually improve our Quality Management System

Our Focus is to

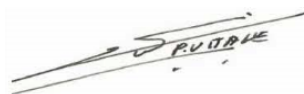

Consistently Satisfy Our Customer

With our value-added products and services

We are committed to

Teamwork Approach

Which adopt creative, innovative leadership and continuous Improvement, thus creating a strong technological base in all aspects.
